## What is WIC and Who Can It Help?

The **Women, Infants, and Children (WIC)** Supplemental Nutrition Program is a federally-funded health and nutrition program for:

- Women who are pregnant, breastfeeding, or postpartum women
- Children under 5 years old (including foster children)
- Families with low to medium income (working families may qualify)
- Parent or guardian who is the sole provider of children under age five who are at nutritional risk and who are at or below 185 percent of the federal poverty level

### What can you get at WIC?

- Special checks to buy healthy foods from WIC-authorized vendors – milk, eggs, bread, cereal, juice, peanut butter, and much more
- Information about nutrition and health to help you and your family eat well and be healthy
- Support and information about breastfeeding your baby
- Help in finding health care and other community services

## What to Bring to Your Appointment?

- A completed New York State Department of Health Medical Referral Form from your health care provider (including proof of pregnancy and/or blood work).
- Proof of identity for each person applying.
- Proof of where you live. The proof must show your actual street address, not a post office box.
- Proof of income for each household member who works. Documentation must be for the last 30 days.
- Proof of your participation in Medicaid, SNAP/Food Stamps or Temporary Assistance to Needy Families (TANF).
- If you or your child is on a special formula you will need the “Medical Documentation for WIC Formula & Approved WIC Foods for Infants, Children and Women” form.
- **Remember, your child must attend your first appointment.**

\*\*The forms can be found online:
